

Meet the Support Team

*Stacey Kreuter,
Office Manager*

Stacey oversees the front office, making sure that the phones are answered, appointments made, doctor's orders called in, and all questions get answered.

Stacey works closely with the financial department to be sure all information is current and accounts are up-to-date.

*Mary Fischer,
Head of Billing and Coding*

Mary oversees filing claims for insurance. She is instrumental in pre-certification for new clients and patients. When insurance information changes, Mary makes note of the change and recertifies clients' and patients' benefits. Mary supports the Provider Team.

Jack

Jack's official owner is Mary Fischer. Jack is Mary's companion animal; however, we all get to love on him.
