

*6. How long is the wait for an appointment?*

An appointment can usually be scheduled within 5 working days. Evening appointments may take up to 2 weeks to schedule. Priority is given only to those who have an urgent need.

*7. Can GJB Health Services prescribe medication?*

Medication can only be prescribed by a medical doctor (MD), physician's assistant (PA) or by a nurse practitioner (NP). Dr. Gerald Bannasch provides medication management for psychiatric and neurologic patients.

*8. Is psychological testing (or assessment) provided?*

We administer neuropsychological and psychological testing and provide the following assessments:

- Career
- Depression & Alcohol/Addiction
- Post-Traumatic Stress Syndrome
- Leadership Enhancement & Values Clarification
- Minnesota Multiphasic Personality Inventory (MMPI)

*9. Is Testing for children offered?*

Yes, we do provide testing for children
